It is with sincere regret that the stress of the times, precludes further research. The VAN NESS family of Columbia County produced so many distinguished men, that the genealogy should be a matter of public record.

It is the hope that these few notes will stimulate an interest, and prove of assistance to those who seek data.

Grateful acknowledgment is made to Mr. Richard Schermenhorn Jr. for his co-operation in placing of the Dutchess County branch.

The branches established by the two brothers, William and John, have been kept separate and distinct, but the index at the end will be of assistance.

It is a very common thing to find the same old story repeated over and over again. The only way to get the truth is to go to the source and find out what really happened. The only way to do this is to go to the source and find out what really happened.
